

REMARKS

Applicant has canceled Claims 7, 9, 16, 18, 25 and 27 and amended Claims 1, 2, 8, 10, 11, 17, 19, 20 and 26 to more distinctly point out the elements of the invention. No new matter has been added.

In the Office Action, Examiner rejected Claims 1-27 under 35 USC 101 as being non-statutory. Examiner says that terms of "grammar", "statements", "token", "rule", "input value" and "action" can be interpreted as abstract data in a broad sense. Applicant has amended the claims accordingly to present the elements specifically as program statements and to present the tangible result. Applicant submits that the claims as amended are allowable, which allowance is respectfully requested.

It is respectfully submitted that the application is now in condition for allowance, which allowance is respectfully requested.

RESPECTFULLY SUBMITTED
